

## VOICE

“ We have partnered with Altus to offer a unified communications solution across our locations. Altus Voice has been easy to deploy, train and use. Based on our findings we expect to save a lot of time and money. Altus offers a streamlined process from ordering, installation to maintaining our systems and we look forward to partnering with them as we expand.

Jerry P. Eledge, CEO / Community Quick Care

### FLEXIBLE + AFFORDABLE

Essential functionality you need for a predictable monthly fee per user.

- Unlimited Local + Long-distance Calling

UC

“ Faced with having to upgrade/replacing our current phone system, we were happy to have discovered Altus UC. The pricing is what enticed us, however the HD call quality, support and total cost of ownership is superior to any other system we evaluated. Since switching, we have saved thousands. I couldn't be happier with the ease of managing the system. Most importantly the support we receive from Altus is outstanding.

Ben Dempsey IT Manager / SageView RPC

## INSTANT MESSAGING + CHAT
